

Oklahoma Lions Eye Bank

Donors Through February 2016

As of this morning, we have recovered 115 donors. At the end of last March (2015), we had recovered 115 donors, so we are about a month ahead of last year. As of the end of February 2015, we had recovered 66 donors, and February 2014, we had recovered 55 donors. As you can see, we continue to grow and that's great news!

Volume 2, Issue 3

February 29, 2016

Viewing Chambers

We have begun to use the new CVCs. It is amazing to see the difference in clarity of slit lamp and specular microscopy compared to the vials.

Hospital Data

I compiled the hospital data for the year 2015. It is no surprise that the trauma centers came in with the highest number of donors this year. There were 13 hospitals with 10 or more donors and 77 hospitals with less than 10 donors.

St. Francis (Tulsa)	64	Atoka Memorial	1
St. John (Tulsa)	59	Alliance (Woodward, Seminole (Pryor, Ponca City)	5
OU Medical (OKC)	50	Alliance (Blackwell, Durant)	4
OK Heart (N & S)	30	Craig General Hospital	4

Recent Donations to OLEB

I'd like to recognize the following clubs and districts for their recent donations to OLEB. This money is being ear-marked for our DSEK implementation. To date, we have received \$1,566.34. Thank you all!

Lions of District 3K
North Enid Lions Club
Laverne Lions Club
Edmond Lions Club
Elk City Lioness Club
Broken Bow Lions Club
District 3A
Northwest Lions Club

Upcoming Visits

3L-Mid-Winter Convention, Elk City, OK (March 5)
North Enid Lions Club (March 14)
Norman Lions Club (March 22)

Web Page

Be sure to check out our web page and facebook page periodically. I try to update it every week to 10 days. We have had a very good response from families regarding featuring their loved ones who were donors and gave the gift of sight. As you can imagine, it's a very trying time for all of these families, and we'd like to recognize each donor whose family is willing.
